# Dedication

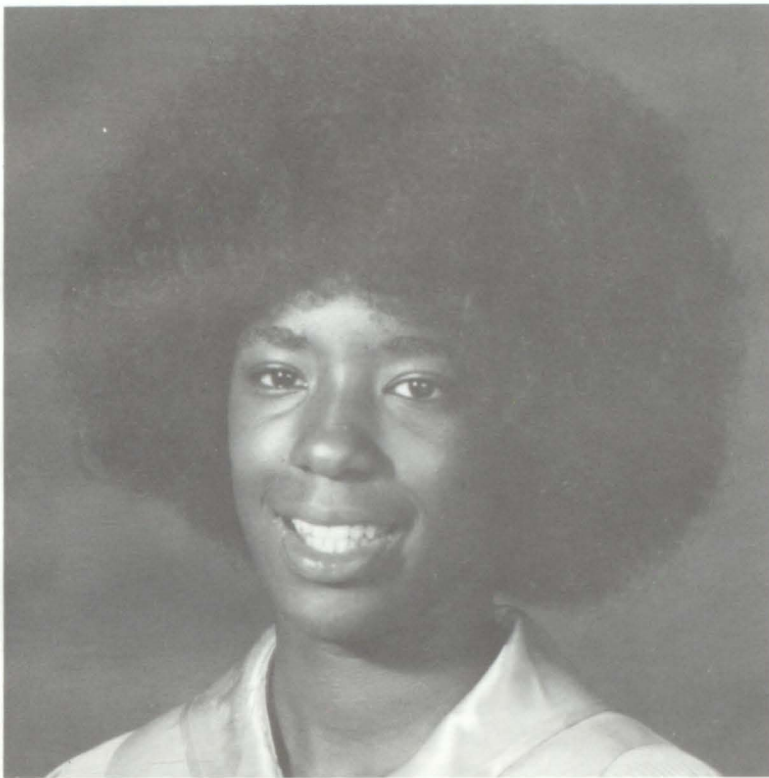

Mr. John Lang

Mr. Lang was a highly devoted and concerned individual. He had a tremendous concern for the education of all of our students. Mr. Lang is responsible for causing Arts High School to have more varsity athletics than any other school of performing arts in the United States. We will never forget the love and dedication that he held for all. The Class of 1979 will always treasure his inspiration.

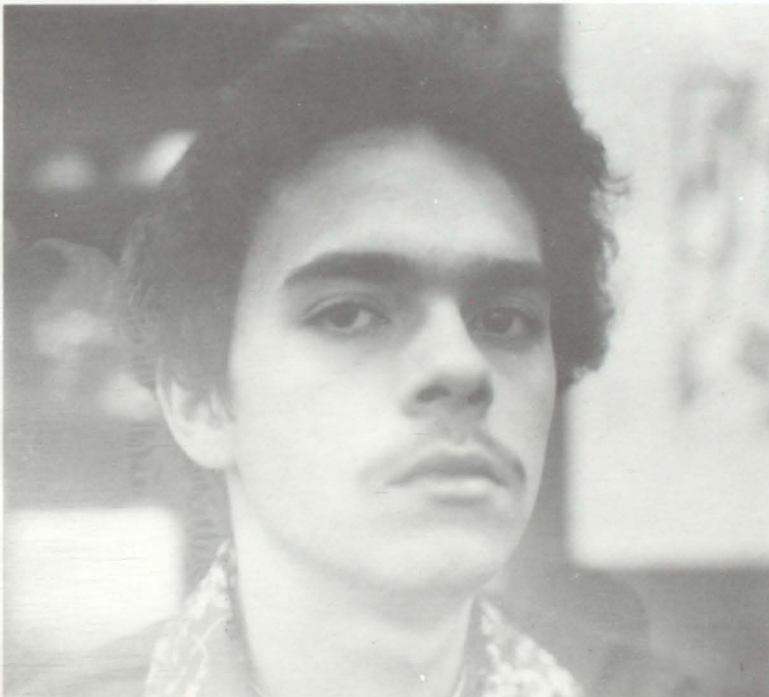

# Dedication

LOMESA PRUITT

The Class of 79 will always remember her warm and friendly smile. Her witty personality will always remain in our hearts and minds. Arts High just isn't the same without Lomesa.

JOSE FELICIANO

We, the Class of 1979, wish to express our sadness that Jose Feliciano did not remain to graduate with us. A talented musician and artist, we are sorry he did not have the time to reach his greatest potential.

# In Memoriam

Time is never ending  
It passes and goes on,  
Traveling to forever  
Our times will soon be gone.

No, time will not be stopped  
Delays it will not allow  
But the Class of Seventy-Nine  
Will hold on to time somehow.

Though it moves forever forward  
Making it so easy to forget,  
We'll rely on memory  
And, of course, on old Vignette.

So whether times were happy  
Or they were sad,  
Whether they were good  
Or they were bad,  
They are ours to reflect on  
And to wish that we still had.

Time cannot defeat us  
Because we've found the way,  
To look back on our tomorrows  
Till forever and another day.

Though time is continuously melting,  
That is clock - wise,  
We'll be able to recapture  
The times of our lives.

"The Times of Our Lives" by Vinessa Hall

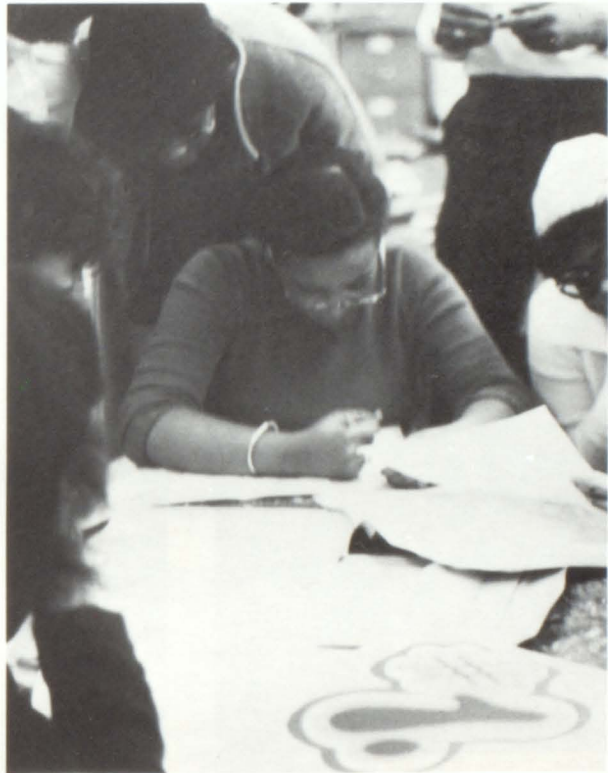

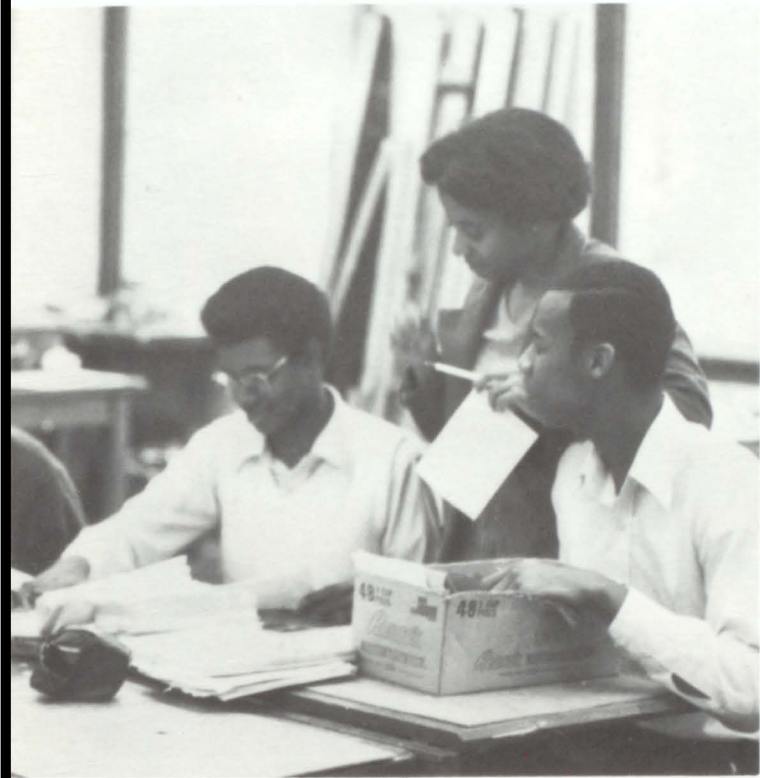

. . . Our times will

soon be gone . . .

. . . Time is never ending  
It passes and goes on . . .

## Senior Class Advisor

Mrs. Teresa Prizgintas  
Homeroom 310

If ever there was one deserving of eternal gratitude and thanks, that one is Mrs. Prizgintas. To fully describe all of the admirable qualities that she possesses would be impossible. She is a woman of great energy, patience, devotion, and love. The class of 1979 thanks Mrs. "P," for her leadership.

Mr. Jan Carden

Mr. Carden is an advisor who has displayed much endurance. The task of putting together a yearbook is anything but an easy one. It requires much time and effort. Mr. Carden's skill and experience coupled with his wonderful personality make him the excellent advisor that he is. The yearbook staff, as well as the entire class of 1979, thanks Mr. Carden.

# ACTIVITIES

... we'll be able to recapture  
the times of our lives ...

## Junior Class Executive Board

The junior class has been very fortunate in that the selected class leaders have proven to be worthy officers. Charlette Jennings, president; Mita Davis, vice-president; Rhonda Reid, secretary; and Juanita Thompson, treasurer have been wise in their decision making. They all should be commended, as well as their advisor, Mrs. Abend.

## Service Committee

The Service Committee is made up of those willing to extend their services in school activities. With the help of the advisors, Ms. Bridgers and Mrs. Venskus, they are able to assist at Career Day, Alumni Day, Winter Fair, Entrance Exams, and Graduation. Outstanding seniors are: Rose Marie Mobley, chairman, Paulette Brower, Dawn Bush, Marilyn Graham, and Lendell Mitnaul.

## Senior Class Executive Board

Under the supervision of Mrs. Teresa Prizgintas, this year's Senior Class Executive Board has been very successful in handling the affairs of the senior class. President, Lisa Alexander; vice-president, Christopher Wade; secretary, Darcell Watson; and treasurer, Tania Mumford have worked together in making the necessary decisions determining whether or not this would be a successful year. Though there were some hard times, which are to be expected, the executive board should be congratulated for a job well done.

The National Honor Society is comprised of juniors and seniors who display the qualities of service, leadership, citizenship and scholarship. Under the rigid charter of Arts High's Honor Society, juniors must maintain a 3.5 average and seniors a 3.2 average to be eligible. This year with Vinessa Hall as president; Adrienne Chiles, vice president; Ina Leake, secretary; and Melanie Parker, treasurer, the Honor Society has been active in tutoring, raising funds for worthy causes, and encouraging all to strive for those qualities needed to be a member.

## National Honor Society

## Science Club

Students interested in any branch of science may join the Science Club. They work on scientific experiments and projects, some of which are: making face creams, flying aircrafts, building model aircraft flyers, and forecasting the weather. Each year the club invites guest speakers, chemists and college professors to enlighten not only the club, but also any student with an interest in science.

## Lab Assistants

Any science student interested in more information in chemistry or physics may become a Lab Assistant, provided a "B" average is maintained. They help in keeping the laboratory in order and materials in their proper places as well as working on experiments that are too difficult for the average student.

## Stage Crew

Mrs. Levinson advises the Stage Crew, which consists of those willing to assist in preparing the stage for all of the school's activities. They are taught how to work the lights,

draw the curtains and set up props. They arrange the stage for concerts, plays and other events held on Arts High's stage.

## Aspira

Aspira is an organization designed to improve the knowledge of Hispanic culture for any interested students. Under the supervision of Mrs. Mary Abend, the members of Aspira constantly strive to aid students of Hispanic origin to have a great sense of self-respect and pride in the intellectual and refined Spanish culture. Edgar Montalvo, president and Maria Mitchell, vice-president, have been very productive in carrying out their goal.

The Arts High Student Council is a very well organized group. Each homeroom has a chosen representative to keep them abreast of all activities. The Student Council has sponsored entertainment for its student body and charitable drives for the community. It also took an active

part in trying to help resolve the layoff crisis. The Student Council has had another successful year under the leadership of Wanda Cooper, president, and Miss Isaac, advisor.

## Student Council

## Dance Ensemble

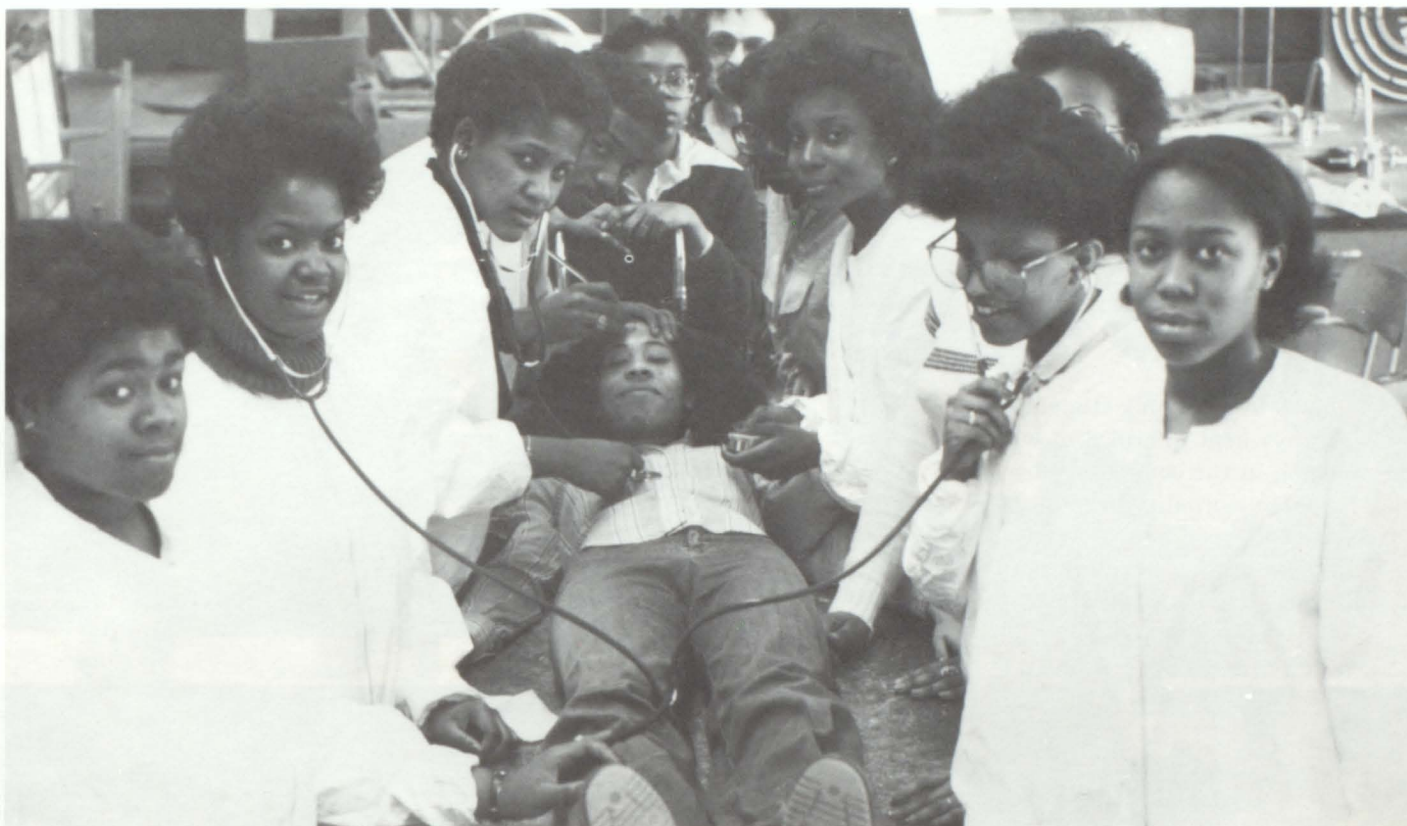

The Dance Ensemble was formed with the hope of traveling and performing in schools throughout the city to spark interest in the world of dancing. Their goal is to eventually start a course in dancing here at Arts High. With the help of Mrs. Tso and choreographer Kyne Franks of the Garden State Ballet, this group is progressing rapidly.

## Gospel Chorus

The Gospel Chorus is comprised of students with the outstanding ability to sing well and convey their feelings to their audiences. Because they never fail to move their listeners, the Gospel Chorus is always requested to sing at churches, charitable affairs and women's organizations, just to name a few places. The supervision of Ms. Ruth King and Donia McLendon, director, has been most valuable.

## Future Physicians

The purpose of this club, which is to inform students interested in medicine of the opportunities available in the many different branches of medicine, has certainly been fulfilled. The Future Physicians have been very active this year. Of this year's events, their trip to Beth Israel Hospital to witness open heart surgery was their most memorable.

The Varsity Club consists of students who participate in any athletic activity. Mr. Larry Hazzard advises this group of young athletes. There is much hard work involved, but under the capable direction of Mr. Hazzard, the students are successful. Each year a sports banquet is given at which time the outstanding achievements of the athletic members are acknowledged.

## Varsity Club

## Scope

Arts High's students are always kept informed of what's happening in the community by the capable journalists on "Scope's" staff. This year they worked very hard to put out several issues of "Scope" under the advisership of Miss Soriano and Mr. Elman.

Renee Watley and Staff

## Drama Class

This year marked the beginning of an addition to the regular majors available to students entering Arts High, namely drama. It offers training to those with talent in the Theatrical arts. Mrs. Levinson planned, designed, and taught this course to thirty students. Now, in every aspect of the word, this is "Arts" High.

The Drama Club members are students who are willing to give much of their time and energy. They have been working very hard the past year to perform for the students of Arts High as well as outsiders. This year, two East African plays and a musical have been their major projects.

#### Orchestra

The performances of the Orchestra have been very enjoyable and have had much success. Mr. Charles Klelis and his assistant Lendell Mitnaul conduct this musical ensemble which is open to anyone able to pass the audition. The purpose of the Orchestra is to bring about one musical idea.
